

Bear Lake Township Fire and Rescue

June 2016

Percentages of runs and man-hours thru June 19, 2016- see attached schedule

Fire Dept. Business

I would like the board to take Fire Fighter Taylor Makowski and Fire Fighter Jared Bair off of probation as they have successfully completed FF1/FF2. I am having both of them sized for new gear on 6/21/16 and would like to place that order.

I am also getting Probationary FF Jesse Vanderbie sized as he recently got married and has purchased a house on 13 mile rd in Bear Lake Township.

The RSB has approved our grant for 12 carbon fiber SCBA bottles which have been ordered.

Update on Jaws unit out of Onekama. We will be asking for their response to our Fire Protection Area through Mutual Aid.

CERT Business

CERT was active this last weekend for Thunder at the River. They will also be deployed on 7/3/16 for Manistee Fireworks and 7/4/16 to help with Frankfort fireworks.
