

Take the Survey Today!

Bear Lake Township is updating its Master Plan and we want to hear from you. The Master Plan provides a narrative of the community: its past, present and future. Your input will help ensure that the plan's goals and objectives match what members of the community really want to see.

Please take 5 minutes to complete the survey by scanning the QR code below, by visiting the tinyurl link below or by printing a paper copy from nwm.org/bearlakeplan.
